Lewis,

RE: Termination Letter sent 11/3/21 dated 10/29/21 in Retaliation for sharing information and asking questions about WSP enforcing the COVID-19 "vaccine" mandate.

The actors of WSP USA INC. and all its Global companies including but not limited to its Global Board of Directors, 135 subsidiaries, 664 branches, advisors, and consultants both listed and unknown; have trespassed the rights of i, :Bryan-Ronald: Tomeo, a living man in your role and actions in:

1) Compromising my position and career,
2) For being non-compliant with the Constitutions and Law that bind you,
3) For Trespassing on my God-Almighty given UN-A-LIEN-ABLE rights,
4) For being non-compliant with, and exceeding, the limited powers delegated to you,
5) For committing numerous State, Federal and International Crimes against me.
6) For the damages that your role and actions in this matter have caused me; a living man.
7) Threatening to further damage my Property.

Claimant: man, :Bryan-Ronald: Tomeo, Living being Sui Juris.

Specifically in the forms of retaliation, and termination, including but not limited to coercion and/or collusion to commit pre meditated medical rape and murder as a result of mandating the Bioweapon injection. From such state of retaliation, the actors of "WSP USA INC." have committed or at least been complicit in labor code violations, state violations, national violations, and international violations as a result of mandating the Bioweapon injection. Presented herein are claims warranting > **$100M,** in remedy of damage that i, :Bryan-Ronald: Tomeo, a living man, suffered as an individual peaceful civilian, in civil penalties for trespass of my rights and compensation for the necessary effort and expense of pursuing against actors acting on behalf of multiple organized, professional, corporate enterprises intent upon abusing my personal and religious rights, and therefore my peace of mind.

From April 2020 through October 2021, i, :Bryan-Ronald: Tomeo, a living man, sent numerous emails to the above actors with forewarning questions and inquiries, with similar content to the final email that resulted in termination under the excuse of "inappropriate email" when it was obviously in retaliation for the information that conflicted with the cowardly actors that knowingly and willingly continued with enforcing a Covid-19 Bioweapon injection mandate, or request segregation via religious exemption instead of resist the mandate and sue the US Government for violating God Given rights, International Codes, the US Constitution, States rights and God-given rights to private property.

Claimant man further notices Respondent that he reserves all rights to file Criminal charges for any actions that are not compliant with those listed below as the actors that uniformly chose to execute the mandate at your direction were not only complicit in; but after receiving the information I shared, committed willful negligence, coercion and/or collusion to commit medical rape and murder; of which the most severe sentence under common law; is death.

In order to settle this matter, I require valid contact information for the insurance companies that issue indemnity insurance coverage for the above executives of "WSP USA INC." who are held responsible in their civil private capacity, along with all its associated names, subsidiaries, advisors, and consultants; both foreign and domestic, as outlined in the attached "Living Testimony in the Form of Truth and Fact" including company name, mailing address, phone number and the policy number(s) insuring the above actors of "WSP USA INC." which I claim have trespassed me, my private property, my colleagues and their private property. Failure to provide information to which the public is entitled is a crime. ARS 39-121 & 39-122

I find it supremely offensive that I must expend such time and effort as one peaceful citizen to pursue a team of 5 professionals at a national, and ultimately; Global private service corporation and for profit enterprise, conspiring among several corporations, offices, states and countries intent on trespassing against my

private property and the private property of every employee, globally posing as a "global industry leader".

Since your corporation, its' enterprise divisions and its actors found itself intent on harassing me with a "vaccine" mandate after I had already shared with actors of "WSP USA INC"; numerous emails asking numerous questions of numerous departments that went unanswered, basically informing actors both before and after the mandate, combined with immediate termination; its obvious that retaliation, willful intent with coercion and/or collusion to commit medical rape and murder apply in all trespasses against myself and my former collogues. **I intend to use this information to encourage others you fired, discriminated upon, injured, medically assaulted and killed to bring you to court and I will be at the arraignments.**

Please read with diligence the attached notice of claim along with articles of evidence, copies of which are being supplied to law enforcement and oversight organizations. I require a rebuttal of the attached testimony formatted as an Affidavit/Affirmation point for point by the original claimants or litigants within **30** days from the date the United States Postal Service certifies the arrival of the documents to your office or WSP USA INC. and its subsidiaries acquiesce to my "Living Testimony in the Form of Truth and Fact" and the attached claim and invoices execute automatically.

The actors of "WSP USA INC", "WSP USA INC" and all its associated Global Corporate fictions listed in the "Living Testimony in the Form of Truth and Fact" that are known and established on paper in the United States, and those unknown operating in other countries; which have no lawful authority to interact with a man, have failed in abiding the laws and principles that govern Arizona, the United States and Internationally, established by the people who inhabit said territory, are hereby held accountable for the following lack of performance and continued trespass on the rights of i, :Bryan-Ronald: Tomeo, a living man and quickening soul who makes a home upon Arizona.

I caution you, Lewis, as CEO to review this matter with due diligence having been made aware of crimes, you bear the responsibility of your position and post to address them appropriately. Failure to do so is a felonious crime in itself. Most notably 18 USC SS3 and 18 USC SS4. In "failing to perform in response to requests for information as well as further abuse of my rights and my private property, you and your Superiors including the Global Chairman of the Board, will be held individually liable to the full extent of the applicable law documented herein as you are notified hereby of the risk and jeopardy to both corporate employees as well as Americans as peaceful civilians, having the opportunity to implement necessary corrections and remedy, bear the authority of office or position to address such correction and remedy but may rather choose to make insufficient or non-existent efforts, and where it is lawful that you [Lewis Cornell,] be held liable in your private
